Waste more and less collected

How recycling works in Erba

The collection centre in Erba is in via Zappa. They are operative from Monday to Saturday: 9.00-11.45 / 14.00-16.45 and on Sunday: 9.00-11.45

GROW GREEN MINDS

RECYCLING AT SCHOOL

It is very important to recycle also at school since it accustoms minds to a eco-friendly mindset

BOTTLE CAPS FOR A CAUSE

- In our school there is an initiative to collect bottle caps, there are different containers in every zone of the school.
- The collected caps go to FMS onlus, which is an association for blood diseases.

BINS DIFFERENTIATED

In our school there are many bins differentiated. We can find them in every classroom and in the hallways. On the bin lids there are tags (CAA) which explain where to differentiate waste. Unfortunately not everyone follows the tags so we can find plastic in the paper bin and the other way round.
